### **Statement of Peer Review**

This letter certifies that all the technical papers submitted for possible publication in the Proceedings of the 7<sup>th</sup> International Symposium on Deformation Characteristics of Geomaterials, IS-Glasgow 2019, followed the peer review process through the appointed Technical Committee - advisory to the Editors of the Proceedings. The referees are anonymous. Based on the recommendations of the referees, the Editors had the options to accept the paper for publication, recommend it is revised prior to acceptance, or reject the paper. From a total number of 210 papers submitted, finally, 200 papers have been accepted, one was not returned after review, while 9 papers were rejected as technically unsound.

Yours sincerely,

Erdin Ibraim
