

Preface

As we reflect on the recent 1st International Conference on Management and Sustainable Environment (ICOMSE 2024), it is with great satisfaction and optimism that we look back on a highly successful event. Held from 7th – 8th August 2024 in a Hybrid Mode at Universitas Muhammadiyah Yogyakarta, Indonesia, this year’s conference, themed “Developing Management and Sustainable Environment in the Era of Digital Transformation,” has been a testament to the power of innovation and collaboration in addressing some of the most pressing challenges of our time.

In an era marked by rapid technological advancements and an increasing focus on sustainability, this conference has provided a crucial platform for exploring how digital transformation can drive effective management practices and promote a sustainable environment. Over the course of two days, we have witnessed an inspiring exchange of ideas and insights from leading experts, practitioners, and researchers from around the world.

Our program featured a dynamic range of keynote speeches, panel discussions, and interactive workshops, each aimed at bridging the gap between digital technologies and sustainable management practices. The engaging sessions highlighted groundbreaking research, practical solutions, and strategic approaches to integrating digital tools with environmental stewardship.

We extend our deepest gratitude to our esteemed speakers, including 1) Dr. Md. Mahmudul Alam (Universiti Utara Malaysia, Malaysia); 2) Dr. Halimin Herjanto (Marymount University Arlington, USA); 3) Dr. Vivek Chaudary (Nanyang Technological University, Singapore); 4) Dr. Anidah binti Robani (University Teknikal Malaysia Melaka, Malaysia), whose expertise and vision have enriched our discussions and broadened our perspectives. Our heartfelt thanks also go to our sponsors and partners, whose support has been instrumental in making this conference possible. To all the participants, your active involvement and thought-provoking contributions have been key to the success of this event.

We would also like to extend our special thanks to our publishing partner, EDP Sciences & E3S Web of Conferences. Their all-round support and commitment have been instrumental in the publication of selected articles from ICOMSE 2024. Their expertise and resources have helped to bring the insights and findings shared at our conference to a wider audience, ensuring that the knowledge generated here will continue to impact the field long after the event.

As we move forward, we are excited to see the continued collaboration and innovation that will emerge from the discussions and connections made during this conference. Thank you for being a part of this remarkable event. We look forward to future opportunities to gather, share, and advance our collective goals.
